Family: Wife: Julie

Initially from Huddersfield, Joe is currently based in Belgium where he lives with his wife Julie and their children.

Despite having left for Belgium where he felt it easier to access the top international shows and further his career within the sport he turned the heads of the British Team selectors quite early one with some of his results. 2012 saw him make his debut on a senior Nations Cup team with the following year seeing him step up to Top Level Nations Cup team appearances.

It was 2014 though that would have been the turning point in his senior team career with him very quickly positioning himself as a mainstay for the team. Jumping clear in the first round of the opening leg of the Furusiyya Nations Cup series in May they also jumped double clear on the winning team in St Gallen. August saw them compete in the last leg of the series at Dublin where Great Britain were under immense pressure to retain their position in the top level league and their performance there of a clear in the first round and just one fence down in the second was enough to see them included on the team bound for WEG in Normandy.
